CAPSULE 23 Chain

REF: MOKA 34683, MORA 9912

1. The receipt of MOKA 34683 apparently indicates that CAPSULE 23I has been given communications training with a view toward his utilization in the PASTIME project. Does this indicate that he will no longer be used as a source of technical information?
2. Please elaborate on your plans to use the CAPSULE 23 chain for PASTIME operations. Which, if any, of the other agents of this net have been given, or considered for, communications training?
3. It is the feeling here that as a matter of general policy PASTIME and other operations should be as divorced from one another as possible. Do you concur? If so, how do you plan to handle the CAPSULE 23 complex?
4. Please let us have your ideas on this matter at your earliest convenience.
